Say hello to **instant savings**

PPL Electric Utilities' Instant Discounts for Lighting Program

Got a lighting project? We have big incentives. Through our Instant Discounts for Lighting Program, your business can receive instant incentives toward energy-efficient lighting projects at the point of purchase. There's no paperwork and no wait.

Welcome to the fast lane.

Instant incentives are available for business customers:

Ready to save on lighting?

Bring this information with you at your point of purchase:

- PPL Electric Utilities account number
- Installation address
- Installation business name
- Contact name and number

Get started

See a list of eligible products and participating locations for instant savings at **pplelectric.com/BusinessRebates**.

Products and pricing subject to change and based on availability. Incentive levels are effective beginning 4/1/2025 and are reviewed on a regular basis. Please check website for current listings and Terms and Conditions. Products must be installed within 90 days from purchase date. End-use customers may be contacted for possible site verification visit and also receive notification informing them of program participation. Program availability and incentive levels subject to change and/or termination without prior notice. Rebates and discounts offered are subject to customer meeting program eligibility. The costs of energy efficiency programs are recovered through customer rates in accordance with the Pennsylvania Act 129 of 2008. PPL Electric Utilities assumes no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of any contractor.

Instant Discounts for Lighting Program FAQs

1. **Who qualifies for instant discounts?**
All PPL Electric Utilities non-residential customers qualify.

2. **How does the program work?**
When you purchase qualified lighting products from a participating distributor, the cost of the items will be instantly reduced by the predetermined value of the specific product.

3. **What lighting products are eligible for the Instant Discounts for Lighting Program?**
ENERGY STAR® or DesignLights Consortium® certified LED lighting products that are included on our approved list are eligible. Consult a participating distributor to see what products they can offer.

4. **Where do I find participating distributors?**
A list of participating distributors is available on the program website at pplelectric.com/BusinessRebates.

5. **What do I need to provide to the distributor to receive instant discounts?**
You will need to provide your PPL Electric Utilities account number to the participating distributor along with contact information and the physical address where the product is being installed.

6. **Can I install the lighting myself or do I need to use a contractor?**
You may do either. If you hire a contractor to do the work, the contractor can make the purchase at the distributor for you. The distributor would then provide your contractor with the new lighting at the reduced price.

7. **Can products be replaced before they fail?**
Yes. We encourage early replacement of outdated equipment with new energy-efficient products.

8. **Can purchases using instant discounts be used for spares or stock?**
Spares or stock purchases are not permitted. Installation at the specified location is required within 90 days of purchase.

9. **Can items purchased using instant discounts be submitted for additional incentives?**
No. Lighting products that receive instant discounts may not be submitted for additional incentives.

10. **Can instant discounts for lighting be used for new construction?**
No. Lighting products purchased using instant discounts may not be used for new construction.

11. **Can I use the program more than once?**
Absolutely. We understand there are many reasons you might choose to purchase over time.
Feel free to return to the program again until all your lighting has been upgraded to efficient LEDs.

12. **Are there limitations to the amount of instant discount incentives available for a customer or a project?**
Each product type has specific guidelines, and larger projects resulting in an incentive value of $20,000 or higher require pre-approval. There is no pre-approval requirement for exterior lighting projects. Consult your distributor.

13. **Will someone follow up on my lighting installation?**
It is possible that customers will be contacted by a representative of the program or a third-party evaluator to verify installation is complete. This may be done over the phone or through on-site visits.

14. **How do I know if the PPL Electric Instant Discounts for Lighting Program is the right program to use?**
Review your options with your selected distributor or contact our program team at 1-866-432-5501 or PPLBusiness@clearesult.com. A program representative will be happy to help you determine the right choice for you and your business.
